ASA Electrical Solutions Announces New Partnership with Halco Lighting Technologies

Golden, CO — ASA Electrical Solutions is pleased to announce a new partnership with Halco Lighting Technologies to represent the company's product portfolio across Colorado and Wyoming.

Halco Lighting Technologies offers a comprehensive range of lighting solutions, including LED fixtures, LED lamps, lighting control products, and legacy lighting technologies designed to support a wide variety of residential, commercial and industrial applications.

"Halco has a proven track record of delivering high-quality lighting products for more than 50 years," said Joe Stone, Vice President of the Northern Division at ASA Electrical Solutions. "The team at ASA is excited to begin this partnership and looks forward to expanding Halco's brand presence and growing market share throughout Colorado and Wyoming."

"ASA Electrical Solutions exemplifies the qualities Halco values in a sales partner, with strong relationships among electrical wholesalers, contractors, and end users throughout their territory," said Chris Chickanosky, CEO at Halco Lighting Technologies. "We believe this partnership will serve as a strong driver of growth in both the Colorado and Wyoming markets."

Through this collaboration, ASA Electrical Solutions will support the promotion, sales, and market development of Halco's lighting solutions across the region, strengthening both companies' commitment to delivering innovative, high-quality lighting products and service to customers.
