Specifications

Description

The Emergence Series Combination Exit Sign/EM Unit offers the most versatile code compliant solution for hallway, stairwell, and other Life Safety applications. The field-selectable red/green stencil face, field-selectable single/double face, and universal ceiling/wall mounting includes field-selectable chevron indicators as well as universal input voltage to provide the most field configurable combination exit/emergency unit on the market. The low profile design makes it ideal to mount on ceilings or walls in surface or top mount configurations, indicating the path of egress for a minimum of 90 minutes after a power loss. Also available with remote capacity.
