October 2007

New 10,000 hours average rated life!

PAR CFL Spiral Lamps

Introducing *ProLume*®

PAR30 & PAR38

Achieve the same energy saving efficiency outside your home for landscaping & security lighting as you do inside your home by using Halco's *ProLume*® PAR30

15 watt or PAR38 23 watt CFL lamps.

Ideal for outdoor applications, these lamps are weather proof rated with nickel-plated brass bases that will not corrode in a socket.

These PAR CFLs are identical in size and shape to their Halogen counterparts and are available in multiple color temperatures.
