

# SPOTLIGHT On... **PRISM®** **HaloXen® PAR36**

November 9, 2005

## Now Available from Halco Lighting!

**PRISM**  
**HaloXen™ PAR36 5,000 Hour 12 Volt**

\*\*\*\*\*

Prism® HaloXen® PAR 36 lamps utilize a Halogen/Xenon gas mix to provide white light, long life, and 90% lumen maintenance. Operating at lower wattages than standard incandescent lamps, they can reduce your energy costs by up to **33%**. Available in 20,35,and 50 watt Narrow Spot, Very Narrow Spot, and Wide Flood. Our new 20 watt lamp allows increased flexibility in landscape lighting design, allowing for full utilization of transformers.
