Specifications

Description

The ProLED Patrol Security Flood provides premium performance for increased safety and security. Featuring two efficient 10W LED floodlights paired with a PIR motion sensor, supplying full light protection. The Patrol Security Flood features a sleek modern design, offering high quality environmental protection with its robust design ideal for outdoor applications.

Performance

- Color temperatures: 3000K, 5000K
- Lifetime: more than 30,000 hrs
- 2200-2400 Lumens
- 110-120 lm/W
- >80 CRI
- 120-277V
- Operating temperature: -40°C to 60°C

Certifications

- ETL
- Wet location

Construction

- Die-cast aluminum housing for superior thermal performance
- Internally sealed design to shield water and dust from entry
- Transparent PC optics
- White and bronze finish

Controls

• PIR motion sensor and photocell
